

Erfan Taheri

Front-end Developer

Tehran, Pardis erfantaheri009@gmail.com 09396413321

[Portfolio](#) [GitHub](#) [LinkedIn](#)

Born 2003/10/25 Single Completed military service

PROFESSIONAL SUMMARY

Front-end developer focused on React, Next.js, and TypeScript. Experienced building responsive, maintainable UIs with API integration, authentication flows, and client-side state. Passionate about clean code, UI detail, and shipping interactive web applications.

EXPERIENCE

Front-end Developer (Internship)

Mar 2024 – Aug 2024 · 6 months

Paya Company

Built user interfaces with Next.js, Material UI, and TypeScript. Implemented REST API integration, login/register flows, state management, and LocalStorage. Used Fake API for development and testing in a production-style environment.

Technical Mentor

2022

AiOlearn Academy

Taught web development fundamentals with hands-on, job-ready projects. Covered HTML, CSS, JavaScript, and front-end best practices for students entering the job market.

Sadaf Empowerment Program

2021

National Elite Foundation

Participated in the Sadaf talent empowerment program and specialized training workshops.
